

VETTING & RECRUITING PROCESS

8 steps to ensure hiring success

1

Clients share technical requirements

2

Those requirements are shared with professionally trained technical recruiters

3

Potential matches are identified

4

Qualified outreach begins

hundreds of potential matches are screened daily

the opportunity is pitched to the top matches

the search is narrowed

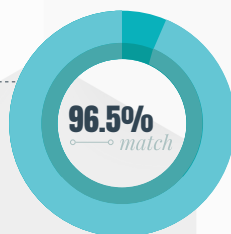

5

Top matches are interviewed for in-depth technical skills & abilities...

6

And assessed for personality & culture compatibility with client

7

Previous supervisory references are verified

8

Final evaluation of top matches before presentation

Our team presents clients with the most qualified matches within 24-48 hours.

We pride ourselves on saving our clients time and money by delivering the best available talent quickly and efficiently.
